Anne-Louise McLean holds degrees in Physiotherapy and Psychology, and her experience includes an extensive career in the healthcare industry – specialising in designing, developing, and executing large-scale performance enhancement initiatives across diverse cultures and businesses.

Working globally in senior leadership positions, Anne-Louise has a proven track record of optimising business growth and performance through executing tailored sustainable leadership development and change management programs.

A strong communicator and facilitator, Anne-Louise has a keen interest in performance psychology as well as diversity and inclusion, and she is extremely passionate about providing impactful solutions that deliver value to businesses.

As a Senior Consultant with FranklinCovey, Anne-Louise has partnered with organisations across multiple sectors including healthcare, resource and mining, engineering and construction, IT, insurance, automotive, and professional services.
